*Cate is an Accredited Aged Care Quality Assessor and a Registered Nurse. Cate has worked extensively with aged care facility managers, assisting them and their resident's access health or support services. She also has a broad experience in acute and community nursing, where many of her clients have been elderly.*

Seniors Pathway will guide you through the aged care system and find the best option for your aged parent or loved one. Services available include accessing a home care package, permanent residential care or respite and one off advisory service.
